

# SAVE THOUSANDS. STAY COMPLIANT.

Calibration. Repair. Compliance. Covered.

REPAIR VS REPLACEMENT  
EVALUATION ON EVERY ORDER

OEM FACTORY AUTHORIZED  
REPAIR SERVICES

ACCREDITED LAB AND  
CERTIFICATION AVAILABLE

## REPAIR SERVICES

**Factory Authorized. Technically Proven. Performance Restored.**

MSI Viking delivers certified repair solutions across dimensional, electronic, and mechanical measurement systems – backed by OEM-authorized training and accredited lab capabilities. When precision fails, production slows. We restore performance correctly, compliantly, and efficiently.

## ACCREDITED LAB • ON-SITE • EMBEDDED SUPPORT

Whether equipment is serviced in-lab, at your facility, or embedded within your operation, our technicians operate to the highest industry standards for traceability, documentation, and repeatability.

### Primary Markets Served

## OEM FACTORY AUTHORIZED & TRAINED

MSI Viking Repair is factory certified and authorized across major precision brands. Our technicians undergo rigorous OEM training to ensure repairs meet original manufacturing specifications.

This means:

- Reduced downtime
- Fewer shipping delays
- Single-source accountability
- OEM-compliant restoration

You don't need to coordinate with multiple manufacturers, we handle it.

# Repair Capabilities
